# WELCOME

The Australian Club Championships (ACC) was created to provide a true national-stage tournament where athletes of every level can compete in a professionally run, high-quality environment. From its inception, the ACC set out to raise the standard of inline hockey in Australia by delivering an event that feels elite – regardless of whether a player is skating in Pro, or developing their craft in Div 3. The tournament is built on the belief that every athlete deserves access to a premier competition experience, complete with strong officiating, clear structures, quality facilities, and an atmosphere that celebrates the sport at its best.

At its core, the ACC exists to unite players from around the country (and world), giving them a platform to test themselves, grow, and showcase their talent. By offering multiple divisions and maintaining a consistent, professionally managed format, the event ensures competitive balance while still providing an aspirational pathway for players and teams looking to progress. The ACC continues to be a cornerstone of the national inline hockey calendar because it delivers more than just games – it creates a high-performance environment, fosters community, and drives the overall growth and professionalism of the sport in Australia.

Thank you for being part of the ACC family. We can't wait to see you hit the rink and help make this year's tournament one to remember!
